Backend-focused Software Engineer with 2+ years of experience developing scalable SaaS and enterprise applications using C#, ASP.NET Core, Entity Framework Core, and PostgreSQL. Skilled in designing secure RESTful APIs, implementing Role-Based Access Control (RBAC), and optimizing database performance to improve application efficiency and response times. Strong understanding of Clean Architecture, SOLID principles, and Agile development practices. Dedicated to building high-performance, maintainable, and business-driven software solutions.

TECHNICAL SKILLS

Languages & Frameworks

C#, ASP.NET Core MVC, ASP.NET Core Web API, .NET 6/7/8, Entity Framework Core, LINQ

Databases

PostgreSQL, Microsoft SQL Server, MySQL, Query Optimization, Database Design & Normalization

Frontend

HTML5, CSS3, JavaScript (ES6+), Bootstrap 5, Tailwind CSS, jQuery

DevOps & Tools

Git, GitHub, Docker, Microsoft Azure, IIS, Swagger/OpenAPI, Postman

Architecture & Patterns

Clean Architecture, SOLID Principles, Repository Pattern, Dependency Injection, MVC Pattern

Security

JWT Authentication, Role-Based Access Control (RBAC), RESTful API Design

PROFESSIONAL EXPERIENCE

Junior Software Engineer

March 2024 – Present | Chattogram, Bangladesh

Genuine Technology & Research Ltd

- Architected and maintained a SaaS-based HRM platform serving 200+ active enterprise users across multiple organizations.
- Designed and implemented a granular Role-Based Access Control (RBAC) system with multi-level approval workflows, improving data security and operational governance.
- Engineered secure RESTful APIs using ASP.NET Core Web API with JWT authentication, enabling safe and reliable data exchange across distributed client applications.
- Optimized Entity Framework Core queries and database indexing strategies, reducing API response times by ~30% and improving system throughput.
- Contributed to scalable system architecture using Clean Architecture and SOLID principles, enhancing maintainability and code quality.
- Participated in Agile sprint planning, peer code reviews, and Git-based workflows to ensure timely and high-quality feature delivery.
- Resolved critical production issues, ensuring system stability, uptime, and user satisfaction.

Guest Trainer – Frontend Development

December 2023 – February 2024 | Chattogram, Bangladesh

A K Khan UCEP TVET Institute

- Designed and delivered structured training on HTML5, CSS3, JavaScript, and responsive web design best practices.
- Mentored 40+ students through hands-on full-stack project development, improving practical software skills.
- Introduced backend fundamentals and relational database design to strengthen students' understanding of modern web development.

KEY PROJECTS

Halda – Enterprise SaaS HRM Platform

ASP.NET Core MVC, Web API, EF Core, PostgreSQL, RBAC, JWT

- Built a multi-tenant HRM SaaS solution covering employee lifecycle management, payroll, performance reviews, and attendance tracking.
- Implemented tenant-level data isolation and RBAC for enterprise-grade security and compliance.

Enterprise ERP System

ASP.NET Core MVC, Web API, EF Core, PostgreSQL, Clean Architecture

- Developed a modular ERP platform integrating Inventory, Supply Chain, HR, Finance, and workflow automation modules.
- Designed approval workflows and financial dashboards for executive-level decision making.

Atrai – Accounting & Financial Management System

ASP.NET Core MVC, Web API, EF Core, PostgreSQL

- Built accounting features including invoicing, expense tracking, general ledger, and automated financial reporting.
- Implemented double-entry bookkeeping and real-time financial analytics.

OKR & Task Management System

ASP.NET Core MVC, EF Core, PostgreSQL

- Developed a goal-tracking platform with performance dashboards and KPI visualization.

SmartSLead – CRM & Lead Management System

ASP.NET Core MVC, EF Core, PostgreSQL

- Built a CRM system with pipeline management, lead tracking, conversion analytics, and automated workflows.

EDUCATION

Port City International University

BSc in CSE

2026 – Present

A K Khan UCEP Polytechnic Institute, GPA 3.82/4.0

Diploma in Computer Science

August 2020 – August 2024 | Chattogram, Bangladesh

West Kadhurkhil School & College, GPA 3.94/5.0

Secondary School Certificate

January 2020 – January 2020 | Chattogram, Bangladesh
